

OFFICE OF THE GOVERNOR

November 13, 2015

The Gift

It is an honor to congratulate The Gift as it celebrates its 30th anniversary.

Since 1985, over 150,000 people have been entertained and inspired by free performances of The Gift, A Christmas Carol the Musical. An average of three tons of non-perishable food and 1,500 toys have been donated by audience members and distributed to California families in need each year.

I wish to recognize the many individuals and organizations that have brought The Gift to life throughout the years. I commend you for your generous spirit. The Gift has served to remind everyone of the responsibility each individual has to uplift his or her community by contributing needed services and support whenever and wherever they are needed.

Best wishes for every future success.

Sincerely,

EDMUND G. BROWN JR.
